BOUTWELL ON SILVER.

The Ex-Secretary Suggests a Union in Support of the Bimetallie System.

For the present our metal currency must be silver, and I venture a suggestion as to its practicability. First of all the attempt to force the coin upon the public is an error, and its success puts a burden upon the people which they ought not to carry. It is at once more economical and less bardensome to keep the coin in the

all these countries into closer business relations, and so in the end compel Engrelations, and so in the end compel Engined to adopt a policy compatible with the equal rights of states and the prosper-it; of people in all states. A heavy busi-Sold by druggists and grocers.

Malaria prevented and thoroughly cradicated by Duffy's Pore Mait Whisky. Recommended by leading physicians. it of people in all states. A heavy ousl-ness pressure would be brought upon England, and that country might be compelled to accept the system best adapted to promote the welfare of mankind.

A Cure of Pheumonia.

Mr. D. H. Barnaby of Oswego, N. Y., says that his daughter was taken with a SPECIAL ADVANTAGES
To Parties Wishing to Bring Friends to this Country.

BOYEMENT OF TRAINS:

Says that his unughter was incen with a violent cold which terminated with phenmonia, and all the best physicians gave the case up and said she could live but a few hours at most. She was in this condition when a friend recommended DR.

WML HALL'S BALSAM FOR THE LUNGS, and advised her to try it. She accepted it as a last resort, and was surprised to find that it produced a marked change for the better, and by persevering a permanent cure was effected.

Agassiz Declines.

New York, Sept. 30.—A Washington special to the Post says: "Prof. Alex. Agassic has found it accessary to decline the office of superintendent of the coast survey, because of duties already resting upon him. This decision is greatly regretted by the president."

Dr. Pierce's "Favorite Prescription" is made by using Silver Loa the debilitated woman's best restorative der according to direction.
